A close-up photograph of a silver computer keyboard. The central focus is a blue key with the word "Requirements" written in white, sans-serif font. Surrounding this key are several other keys: to the left, a key with a question mark and a forward slash; above, a key with double and single quotes; to the right, a key with a left-pointing arrow; and below, two arrow keys (up and right). The keyboard is set against a wooden surface.

amazon

The Amazon logo consists of the word "amazon" in a bold, dark blue, lowercase sans-serif font. Below the text is a curved orange arrow that starts under the letter 'a' and ends under the letter 'n', pointing to the right.

alexa

The Alexa logo features the word "alexa" in a light blue, lowercase sans-serif font. Below the text is a curved light blue arrow that starts under the letter 'a' and ends under the letter 'a', pointing to the right.

fire tv

The Fire TV logo features the words "fire tv" in orange lowercase letters. Below the text is a curved orange arrow that starts under the letter 'f' and ends under the letter 'v', pointing to the right.

echo

The Echo logo features the word "echo" in a light blue, lowercase sans-serif font. Below the text is a curved light blue arrow that starts under the letter 'e' and ends under the letter 'o', pointing to the right.

twitch

The Twitch logo is the word "twitch" in a stylized, purple, blocky font with a white outline.

audible 

The Audible logo consists of the word "audible" in a dark grey, lowercase sans-serif font. To the right of the text is an orange icon of an open book with sound waves emanating from it.

freevee

The Freevee logo is the word "freevee" in a bright yellow, lowercase sans-serif font, set against a dark purple rectangular background.

CHECK THE BOX –

Look for the logos telling you which assistant is compatible.

Lots of smart devices have their own app and will require you to make an account.

Be prepared for accessing your email & making new passwords for these apps.

Pros & Cons of a cloud security system.

PRO:

- Recordings are saved to company's database.
- Easy at setup.
- Alerts on smart phone

CON:

- Paid Subscription
 - Lose recordings when subscription stops.
- No tangible saved recordings.
- Camera system only works with paid subscription.
- Home internet & smart device required.
